

Meet XBert®, your digital assistant that never sleeps, takes a break, or misses a detail. From the moment customers reach out, XBert greets them, answers their questions, and makes sure nothing slips through the cracks.

The AI Employee Your Team Deserves.

XBert doesn't replace your team: it makes them unstoppable. Acting as receptionist, sales assistant, service rep, and concierge all at once, XBert keeps conversations flowing while your people focus on building relationships and growing the business.

- ✓ Handles multiple calls, chats, and messages concurrently
- ✓ Provides night, weekend, and holiday coverage
- ✓ Deployable in minutes, not weeks

Hire XBert as Your New

AI Receptionist & Host

Greets visitors, manages FAQs & requests.

AI Sales Assistant

Answers product questions, provides recommendations.

AI Customer Service

Resolves customer issues, manages escalations.

AI Concierge

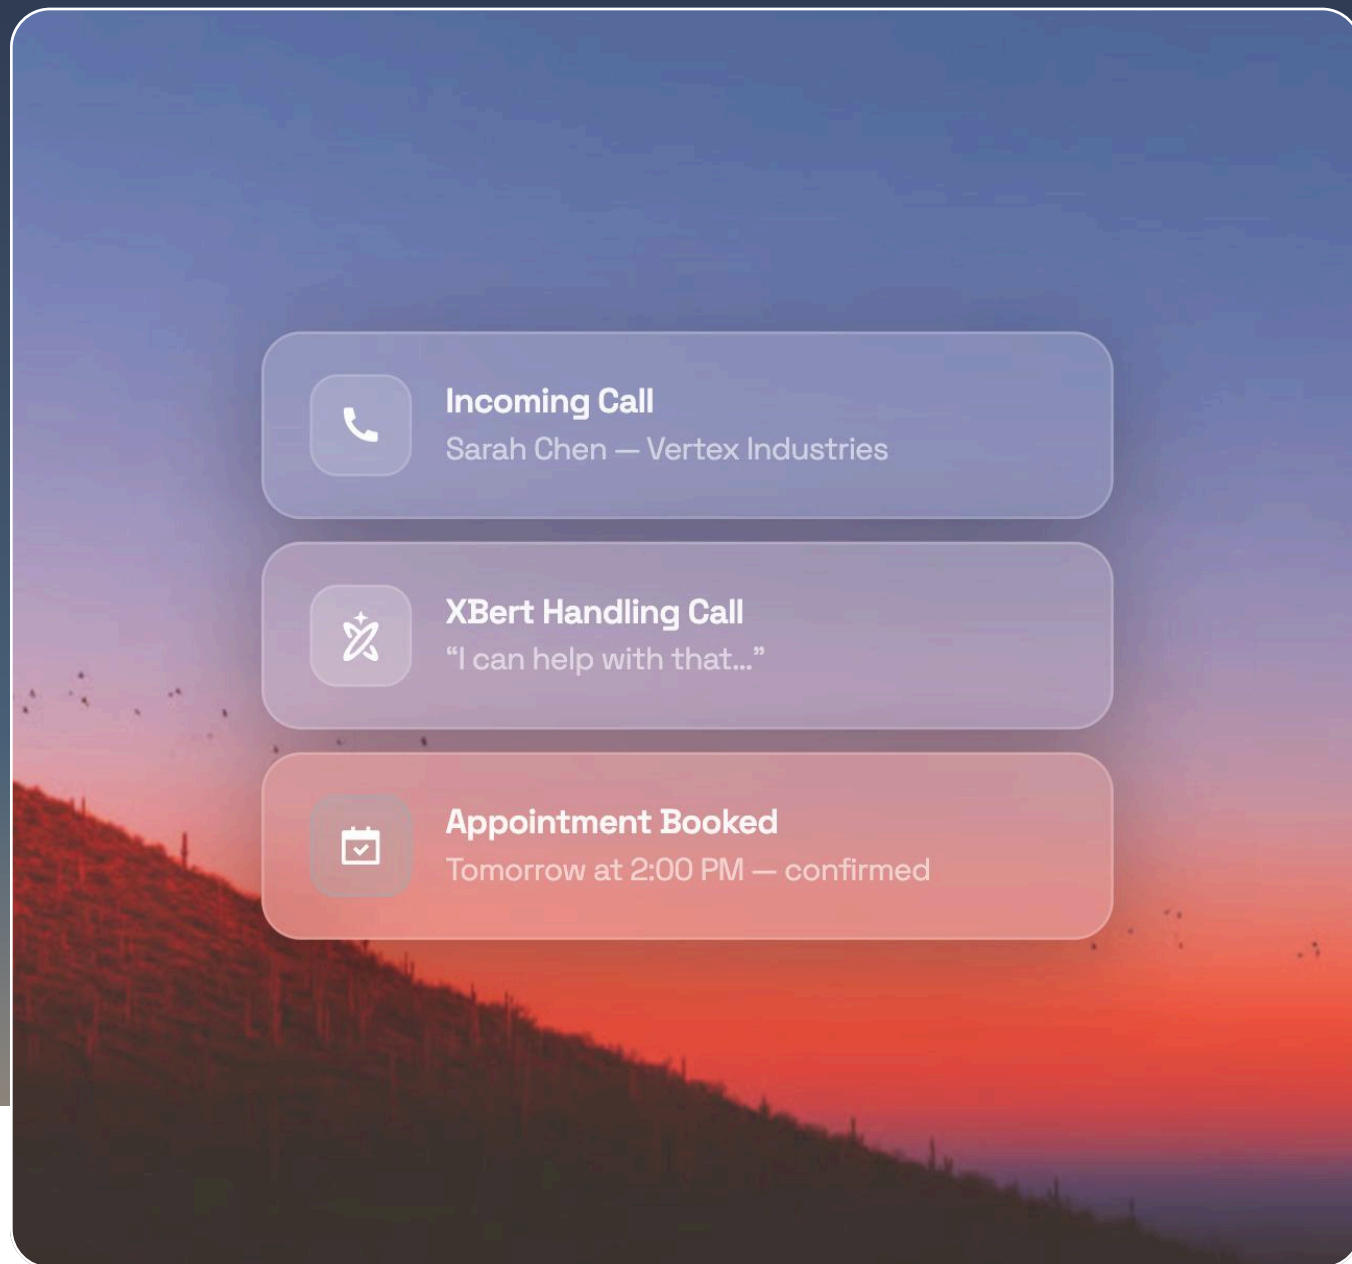

Greets guests & clients, assists with reservation details.

Proudly Backed by an Award-Winning Company.

Your Newest Employee is Ready to Get to Work.

XBert isn't just software. It's the teammate you wish you always had. It works 24/7, handles repetitive tasks flawlessly, and frees your people to do what they do best.

Integrated AI Across Channels

XBert doesn't just take phone calls. It'll also manage your texts, web chats, messaging apps, and emails.

Low Cost Customizations

Make real-time adjustments to XBERT's behavior without paying additional fees or hiring resources to support it.

Works with Your Existing Systems

Already have a help desk tool? Add XBERT to your existing setup to optimize every interaction.
